

Dear Sir/Madam,

On behalf of the International Association for Hydro-Environment Engineering and Research (IAHR) and in association with the China Institute of Water Resources and Hydropower Research (IWHR), we are delighted to invite you to attend the **International Conference to Officially Launch the Journal of Ecohydraulics** to be published by Taylor & Francis. The Conference will be held in Beijing, China on May 28, 2016.

JoE embodies the varied research undertaken in ecohydraulics, covering water resources and aquatic life, ecology, biology, hydraulics, engineering, geoscience, environmental science, climate change, and other related fields, with an emphasis on the integration of these disciplines.

If you accept the invitation, please reply us by email to gaohu.sun@iahr.org before March 31, 2016. In recognition of your contribution to the conference, IWHR will waive your registration and cover your accommodation and meals expenses for 27th and 28th May. However, the invitation does not include financial reimbursement for your return flight.

With my best regards
Yours sincerely

Dr Christopher George
Executive Director
International Association for Hydro-Environment Engineering and Research

Annex 1

International Conference to Officially Launch the Journal of Ecohydraulics

1. Name

International Conference to Officially Launch the Journal of Ecohydraulics

2. Date

Saturday, May 28, 2016

Sunday, May 29, New Journal Inner Working Meeting

3. Conference Venue

The symposium will be held in the China Hall of Science and Technology.

The journal inner working meeting could be held in IAHR Meeting Room in Beijing.

4. Draft agenda

The 1st day, May 28, 2016

08:30-09:00, launching ceremony for Journal of Ecohydraulics (JoE)

IAHR president, IWHR president invited to provide remarks.

09:30-17:00, conference on Ecohydraulics

Presentations from invited speakers followed by other participants

The 2nd day, May 29, 2016

New Journal Working Meeting

5. Host and sponsors

Hosted by

China Institute of Water Resources and Hydropower Research (IWHR)

International Association for Hydro-Environment Engineering and Research (IAHR)

Sponsored by

China Three Georges Corporation (CTG) (tbc)

Nanjing Hydraulic Research Institute (NHRI)

Institute of Hydroecology, MWR & CAS

IAHR technical committee-Ecohydraulics

China Hydraulic Engineering Society (CHES) technical committee-Ecohydraulics

China River Restoration Networks (CRRN)

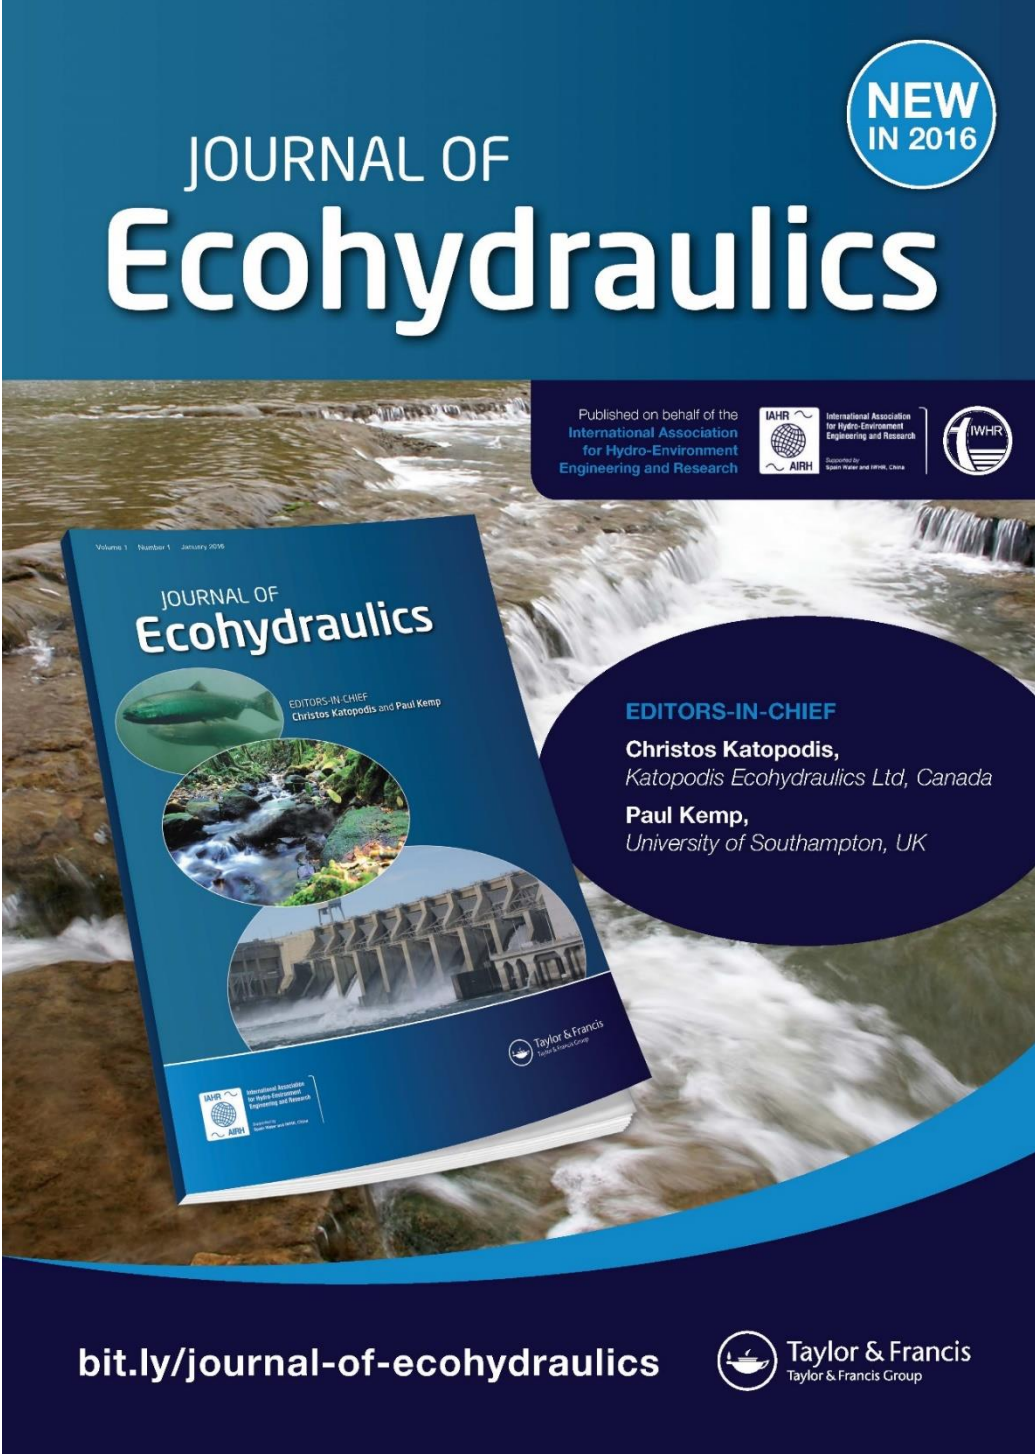

6. Participants

— Presentations by top experts in the field of Ecohydraulics:

- Peter Goodwin –USA, IAHR president, Advisory Board, JoE
- Arthur Mynett –Netherland, IAHR vice president, Advisory Board, JoE
- Zhaoyin WANG – China, Advisory Board, JoE
- Paul Kemp – Co-Editor-in-Chief for JoE
 - Title: "Advancing fish screening and passage: an ecohydraulics approach"
- Chris Katopodis – Co-Editor-in-Chief for JoE
 - Title: "Elucidating ecohydraulic trilogy aspects through case studies"
- Chen Qiuwen – China, Associate Editor, JoE
- Greg Pasternak – USA, Associate Editor, JoE
 - Title: “Near-census ecohydraulic bioverification of *Oncorhynchus mykiss* adult spawner physical microhabitat preferences and avoidances in a regulated gravel–cobble river.”
- Nann Fangué – USA, member of the Review Panel for JoE
 - Title: "Physiological, Behavioral and Ecohydraulic Approaches to Studying Threatened and Endangered Fishes"
- Friedrich Recknagel – Australia, Adelaide University – (invited by Chen Qiuwen)
- Zhiqun (Daniel) Deng, USA, member of the Review Panel for JoE;
 - Title: “The Hydropower Biological Evaluation Tools Package and Its Applications"

- Members of the Editorial Board, the Advisory Committee, Associate Editors, and Editorial Review Panelists.
- Members of the IAHR technical committee-Ecohydraulics
- China Hydraulic Engineering Society (CHES) technical committee-Ecohydraulics
- Others
